

# Artificial Intelligence in Design '98

Fifth International Conference on  
Artificial Intelligence in Design

Instituto Superior Técnico, Lisboa, Portugal

Pre-Conference Workshops: 18–19 July 1998

Conference: 20–23 July 1998

## workshop 1 notes

---

# evolutionary design

*Convenor:*

Peter Bentley, University College London, UK

*Advisory Committee:*

Paul Coates, University of East London, UK

Phil Husbands, Sussex University, UK

Ian Parmee, Plymouth University, UK

Gordon Robinson, Southampton University, UK

Mike Rosenman, University of Sydney, Australia

# evolutionary design

## contents

<b>a summary of evolutionary design .....</b>	<b>3</b>
Peter J Bentley	
<b>evolutionary design of logic gates .....</b>	<b>12</b>
Ricardo S Zebulum, Marco Aurelio Pacheco, Marley Vellasco	
<b>3d artificial art by genetic algorithms.....</b>	<b>18</b>
P Tabuada, P Alves, J Gomes, E A Rosa	
<b>encoding and crossover mismatch in a molecular design problem.....</b>	<b>22</b>
Esteban de la Canal, Natalio Krasnogor, Daniel H Marcos, David Pelta, Walter A Risi	
<b>using l-systems and gp to explore 3d design worlds .....</b>	<b>28</b>
Paul Coates	
position papers	
<b>new models for evolutionary designing .....</b>	<b>37</b>
John S Gero	
<b>where's the knowledge? .....</b>	<b>42</b>
David C. Brown
